We plant water, weed, and grow the most lovely smelling plants that endure our short but sublime growing season. We also work with local cedar distillers and others to garner some of our regions most exotic and alluring scents.

Sandy Maine

Founder of ADK
Fragrance Farm

All of these natural gifts are gathered and prepared for inclusion in regionally inspired perfumes and complementary products that we design and market regionally and internationally. In the mid - late summer, plants are harvested and dried, scents are extracted and stored for use in our beautiful farm-based product line in celebration of all things Adirondack! As founder & former owner of Sunfeather Natural Soap Company, I have enjoyed many years of creating fine soaps and body care products for national distribution.

Many people have asked to visit the Adirondack Fragrance Farm. Since 2019 we have opened three vacation rentals on remote parts of our property. For more info and reservations visit www.ADKRiversideCabin.com.

We hope you will enjoy this natural extension of our work as we create a new life chapter "The Adirondack Fragrance & Flavor Farm" located in the northern corner of the Adirondack Park, a place we have called home for over 45 years.

The Lilac Bloom is a rite of early summer in the Adirondack Mountains.

Living in zone 4-5 where winter temperatures can dip to -45F on occasion limits the number of perennial flowering bushes that can survive our harsh winters.

Lilacs of white, blue and purple are super hardy and grow in abundance all through our region. With unsurpassed beauty and wonderfully fragrant blooms it's no surprise that these venerable flowering bushes are very loved and appreciated.

Though I prefer working with natural essential oils, the lilac flower does not offer its delicate scent to be distilled. However we are fortunate to have scientifically made "Nature Identical" esters that very closely mimic the lilac scent that nature offers. This is why our lilac products are as close to the real thing as they can be!

#FA3003002-3.3 - Men's Cologne 3.3oz: Price: \$65

The journey of creating this nearly perfect cologne began with me not knowing where I was going or what I was doing but two years later and lots of wandering I finally created what I had originally envisioned. I've been happily sharing it with others since then. Part alchemy, part aligning with the wisdom of the woods and part me not giving up until it was just right! Enjoy being natural, confident & alluring when wearing our artisan made Adirondack Balsam Cologne. You will be loved!

Adirondack Balsam Cologne is an artful blend of essences gathered from local forests, rivers, and fields of the Adirondack Fragrance & Flavor Farm, processed by traditional as well as modern methods.

Composed of Purified Water, Alcohol, *Pinus Balsamea* (Fir) Oil, *Thuja Occidentalis* (Cedar) Leaf Oil, Polysorbate 20, *Juniperus Virginiana* (Cedarwood) Oil, *Castoreum* Tincture, Xanthan Gum, Hops Tincture, Oakmoss Tincture

If you love the mountains, you'll love ADK Balsam Cologne!

Man - Sized Balsam Soap Bar

Man-Sized Balsam Bar

#FA2003005-16B - 16oz

Price: \$32

The simple pleasures in life really do make a difference!

One day my outdoorsy very attractive husband who has very large man sized hands complained about this little balsam soap bar getting lost in his large hands. As a joke I made him a huge 16 oz brick of soap. Despite the danger of possibly dropping this on his foot, I couldn't have been more surprised to learn that he really loved the size and the danger! Now you too can enjoy the luxury of holding and washing with a great big one pound soap bar. It's just for you man!

Balsam Soap features carefully selected and chopped balsam fir needles and balsam and cedar essence. This huge man - sized bar can be cut into four 4 oz bars with a kitchen knife or machete. Or, your wild man can choose to live dangerously and use the huge 16 oz bar as is. (Reminder...don't call us if this gets dropped on a foot and hurts... we are all about self reliance and we do not feel sorry when it's your own fault.) Warning: DO NOT drop!

Sandy

Made with Cocos Nucifera (Coconut) Oil, Canola Oil, Purified Water, Helianthus Annuus (Sunflower) Oil, Sodium Hydroxide, Pinus Bal-samea (Fir) Oil, Olea Europaea (Olive) Oil, Rosmarinus Officinalis (Rosemary) Oil, Chromium Oxide Green, Litsea Cubeba Fruit Oil, Finely Ground Cedar Tips, Activated Charcoal.

How I created the Balsam & Lavender Scent

The Balsam & Lavender scent blend began as an intuition....It seemed like these two scents would harmonize well together and WOW do they ever!

Basically this creative process was just a matter of me imagining what my two very favorite scents would be like if I mixed them together. I knew they would be good together but it took quite a bit of work to learn what the proportions should be and if any additional notes would be needed to give the concept its best expression.

Eventually I realized that very small underlying notes of mint, citrus, eucalyptus and vanilla were the keys to unlocking the harmony of the Balsam & Lavender blend for candles, lotion, hand cream, room spray and natural perfume.

ADK Balsam & Cedar Boot and Body Powder

#FA4001004-4 - 4 oz

Price: \$24

Talc-free powder that helps keep you dry and feeling fresh. Balsam & Cedar scent will help tame unruly odors. Can be used from head to toe.

Made with Manihot Esculentus (Tapioca) Root Flour, Bentonite Clay, Pinus Balsamea (Fir) oil, Copaifera Officinalis (Balsam Copaiba) Oil.

The Balsam & Cedar Scent Story

The Balsam & Cedar scent was born of my love for Balsam Fir and my penchant for the essence of Northern White Cedar leaf combined with wafts of esters of white pine needles

underfoot on a sunny day.

I mixed all of these amazing gifts of nature in my mind before I ever tried to mix them in my product development lab where I sought the correct ways to incorporate them into the products we all know and love.

Enjoy warming relief for tired muscles. ADK Muscle Balm is locally formulated with sunflower oil, beeswax, and a special blend of penetrating essential oils.

Massage ADK Muscle Balm into tight areas to feel soothing heat and ease over-worked muscles within minutes! Our very functional Muscle Rub will sooth the over-used and abused muscles of the most adventuresome person.

Made with Butyrospermum Parkii (Shea Butter) Fruit, White Bee's Wax, Cinnamomum Camphora (Camphor) Bark Oil, Menthol, Propylene Glycol, Melaleuca Leucadendron (Cajaput) Oil, Wintergreen Essential Oil, Eugenia Caryophyllus (Clove) Oil, Cinnamomum (Cassia) Leaf Oil, Eucalyptus Globulus Leaf Oil.

Here is my story about this product and one of my Adirondack adventures.

Ironically, and as if by magic, the day after I started developing samples of the muscle rub I took a nice ride down my road on my Arabian Stallion "Grey Grand". It was a windy summer day and he was feeling frisky! After a few minutes riding down the sandy, grassy roadside a partridge flew from the thicket. My steed went left abruptly and I went down with my foot caught in one stirrup. He ran a quarter mile back to the barn with me bumping along on the ground with his hooves just inches from my head. Finally, I wiggled my foot free and although I was a bit shocked I was able to stagger to my house.

Every muscle and tendon was stretched and by afternoon I was starting to stiffen. I grabbed the new muscle balm samples and headed to the river. My favorite flat rock had been heating all morning by the sun and the river was cool and moving quickly. Between applying the muscle rub, sprawling on the hot rocks and periodically dipping in the cool rushing river...my body started to respond to the treatments! After a few hours I was able to limp home and within three days I was pretty much back to normal. The very functional Muscle Rub formula had proven itself and many have used it successfully since! It will sooth the over used and abused muscles of the adventuresome and clumsy alike.
