Fragrance & Flavor
FARM

Our Fragrant Story

Sandy Maine has been a prominent influence not only in soapmaking as a craft, but also in inspiring those who shared her passion to turn their craft into thriving entrepreneurial ventures. An astute business woman, speaker and author, she is held in high esteem among those who are engaged in the creation of natural soaps, bodycare and cleaning products in a growing, artisan industry. Sandy and her team were the original designers and producers for Burts Bees Soaps. Sandy is currently the founder and owner of Adirondack Fragrance & Flavor Farm - where innovative "farm to body care products are happening!!

Welcome to the Farm!

Despite her achievements, including the sale of her successful SunFeather Natural Soap Company, and the launch of another venture, Sandy has never abandoned her North Country roots. She has with her husband and children slowly brought to life a historic farm off the beaten path in the northwest region of the Adirondack Park. For decades she has slowly cultivated and tended to the numerous gardens and their blooms that have served as not only as her creative inspiration, but also as a fragrant base for many of her soaps, and complimentary "farm to body" products that have lined the shelves of many shops, and have been delivered to the doorsteps of many online customers.

Today, the Farm at the end of Sylvan Falls Road continues to guide Sandy's vision for her company, providing unique, natural perfumes and ingredients for a regional specialty line.

- Handmade Soaps* ♡ *Luxury Bodycare* ♡ *Candles*
- All-Natural Cleaning Products* ♡ *Specialty Flavor Items*
- ♡ *Custom Creative Development & Production for Clients*
- ♡ *Amenity Products for Resorts, Lodges, Restaurants & Spas*

Our ADK Brand

The introduction of the ADK brand of cologne was an immediate hit among customers in the Adirondack region for its artful blend of essences gathered from local forests and fields of the Adirondack Fragrance & Flavor Farm. Processed by traditional as well as modern methods, our ADK cologne includes organic alcohol, essential oils of cedar and balsam, extracts of sweetgrass, hops and Adirondack Musk. Attractively packaged in a gift box lined with red and black woolen hunter's plaid. A fine gift. Adirondack Style at it's finest!

With the success of our ADK Cologne, the Adirondack Fragrance & Flavor Farm began experimenting in collaboration with cedar distillers and area trappers to extract regional scents unique to the area but with broad appeal for an array of complementary products under this growing regional brand. We now offer as part of our ADK line an array of Adirondack-made Soaps, Perfumes, Candles, Vintage Face & Hand Cream, Body Wash, Body Lotion, Mountain Air Aromatic Spray, and Cleaning Products such as Oil Soap, All Purpose Cleaner and Furniture Polish, as well as our now-famous ADK Natural Bug Spray, Balms and Bite Soothers. And check out our new Pet Shampoo, too!

Our Custom, Creative Services

In addition to our widely popular ADK Brand, our dedicated team at the Adirondack Fragrance & Flavor Farm can assist you in crafting your own custom project. Our facility was the original home of the SunFeather Natural Soap Company from 1989 to 2011, when the brand was sold. We currently produce our new regional brand and continue to offer product development, design and production services to more than 40 custom and private label accounts. We take great pride and joy in helping others realize their own vision.

Under the creative design work and careful leadership of Sandy Maine, our company's founder, our experienced team of production workers, product development and customer service people strive to bring clients of all sizes beautiful products that complement other product lines, serve as amenity products for resorts, lodges, restaurants and spas, or serve as the lifeblood of a new retail business.

From shower gels and shampoos to all natural cleaning products to handmade soaps, balms, lotions, room sprays, candles (and more) our custom program offers quality and affordability. Other benefits include:

- Low Minimums
- Long Shelf Life
- Private Label Packaging (working with your designer and printer or ours.)
- Custom Formulation
- Reliable, Attentive, and Friendly Service
- Select Farm-to-Product botanical materials from Sandy Maine's farm.

Our Accolades

We have a lot to Crow About!

Sandy Maine has served as a pioneer in the last three decades in this growing cottage industry, garnering tremendous accolades as an entrepreneur, instructor, author and speaker. She has helped countless others turn their passions into thriving businesses and her products have been featured in numerous publications and media stories for their quality, craftsmanship and dedication to natural ingredients. In addition to products, story pitches include a feature on the company's commitment to the Farm-to-Bodycare Movement.
