FRAGRANCE FARM

April 5 - 8th 2024

## Ultimate Eclipse

### Event Guide

Chapter 1: Pre-Eclipse Planning

Chapter 2: The Eclipse Experience

Chapter 3: Safety Tips

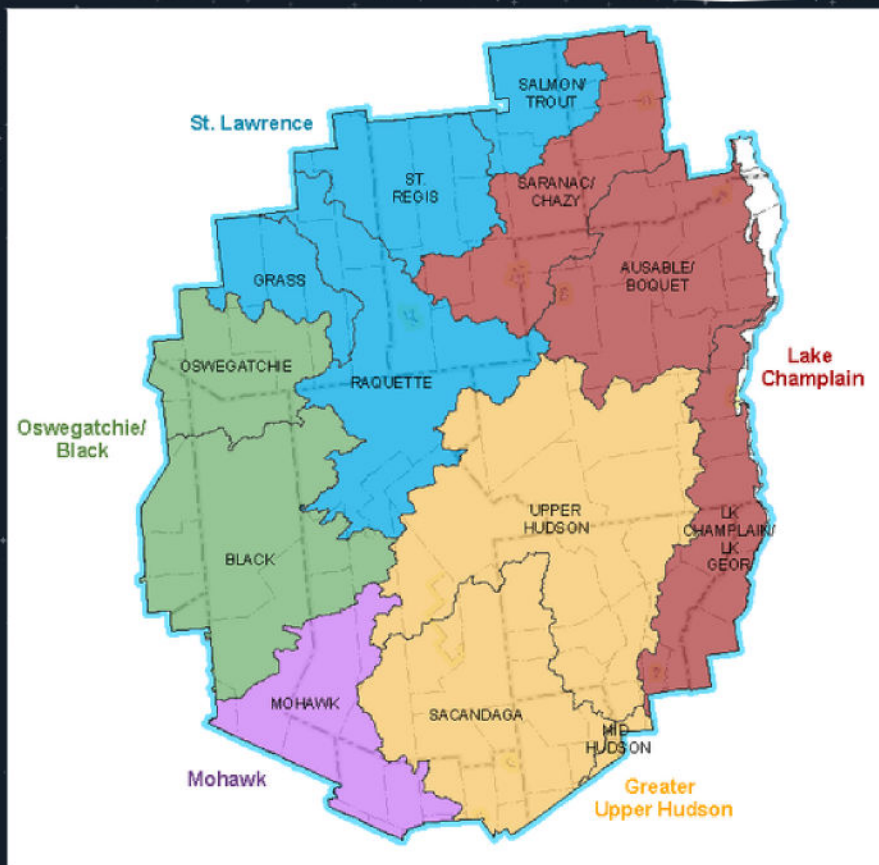

Chapter 4: Beyond the Eclipse - Exploring the  
Adirondacks

Chapter 5: Nightfall Activities in Potsdam

Chapter 6: Remembering the Day

Welcome to a rare and awe-inspiring celestial event in the Adirondacks. On April 8, 2024, the region, with a special focus on communities like Potsdam, will witness a total solar eclipse. This phenomenon, occurring roughly once every 400 years in the same location, offers a unique spectacle in the beautiful setting of the Adirondacks.

The path of totality, where the full eclipse can be experienced, will traverse a large region encompassing the northern, western, central, and eastern Adirondacks.

This path includes Potsdam, Malone, Plattsburgh, Lake Placid, Tupper Lake, Keene, Indian Lake, Inlet, Old Forge, Newcomb, Port Henry, and Schroon Lake, making these communities prime locations for witnessing the eclipse in its entirety.

The Adirondack Fragrance Farm is offering a unique and multi-sensory once-in-a-lifetime eclipse viewing experience. Every participant at any event will receive a pair of ADK Edition Solar Eclipse Viewing Glasses.

# Chapter 1: Pre-Eclipse Planning

## How to Prepare

- Layered Clothing for skin protection
- Sunscreen
- Camera with a Solar Filter
- Certified Eclipse Viewing Glasses
- Safe Viewing Location

## Best Viewing Locations

- Eclipse Fragrance Festival  
Potsdam NY
- Adirondack Sky Center & Observatory  
Tupper Lake, NY
- Point Au Roche State Park  
Lake Champlain, NY

# Chapter 2: The ADK Fragrance Farm Eclipse Experience

## ADK Farm Guided Hiking

April 5th-8th we will have guided hikes starting at 9am and 2pm. Explore a route of the Adirondack Fragrance Farm, specially curated by our founder Sandy Maine.

## ADK Factory Candle Making Class

April 5th-8th we will have candle making classes starting at 9am and 2pm. Learn how to hand-pour your own 4.5oz Eclipse Candle at our ADK Fragrance Factory!

# Chapter 3: Eclipse Safety Tips

## Eye Protection

The only safe way to look directly at the sun during a solar eclipse is through special-purpose solar filters, such as "eclipse glasses" or handheld solar viewers. These must comply with the ISO 12312-2 international standard. Remember, regular sunglasses, even very dark ones, are not safe for looking at the sun.

## Proper Use of Eclipse Glasses

It is crucial to wear your eclipse glasses for the entire duration of the eclipse. However, during the brief phase of totality, when the sun is completely covered, you can safely view the eclipse without glasses. As soon as the sun begins to reappear, immediately use your eclipse glasses again.

## Indirect Viewing Methods:

If you don't have eclipse glasses, you can use a pinhole projector. This allows you to project the sun's image onto the ground or a piece of paper to safely observe the phases of the eclipse indirectly.

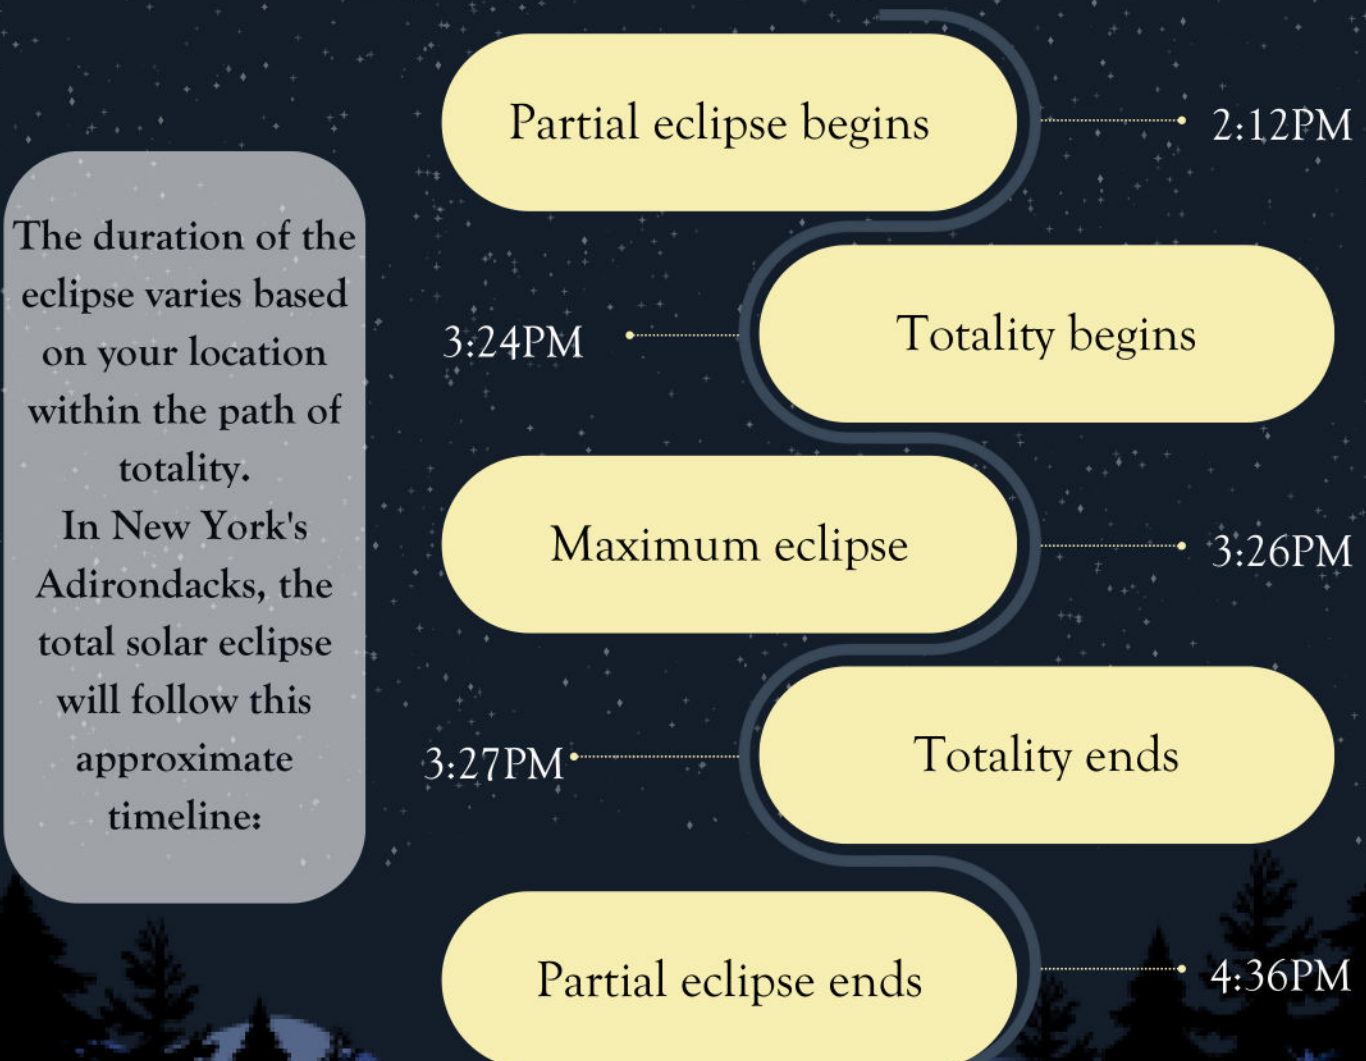

## Sun Exposure Precautions:

Considering that you might be outside watching the eclipse for an extended period, don't forget to use sunscreen and wear protective clothing and hats.

## Hiking Considerations:

While mountain hiking might seem like a great way to view the solar eclipse, it's not recommended to hike the Adirondack High Peaks or trails above 3,000 feet during this period. April marks the spring mud season in the Adirondacks, and high elevation trails may be hazardous due to slushy snow, mud, and potential flooding. The New York State Department of Environmental Conservation advises against hiking on these trails during this time. For a safer experience, opt for lower elevation trails with open views, such as our Adirondack Fragrance Farm, or the Heaven Hill Farm Trail in Lake Placid for non-local residents.

## TIMELINE OF THE ECLIPSE

This means the eclipse will last from a few seconds to a maximum of 4 minutes and 28 seconds, offering a range of experiences depending on where you are in the Adirondacks.

## Chapter 4: Beyond the Eclipse - Exploring the Adirondacks

### Trails

#### Near Potsdam

##### - Red Sandstone Trail:

A scenic trail along the Raquette River, ideal for a leisurely hike for beginners and families.

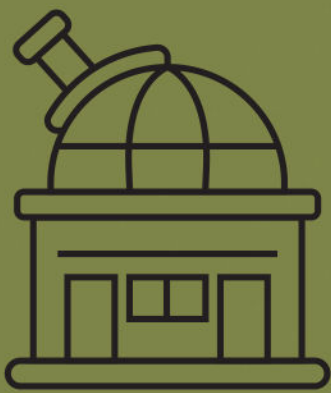

##### - Clarkson University Nature Trails:

A network of trails perfect for both novice and experienced hikers.

##### - Lampson Falls Trail:

A family-friendly hike leading to one of the most beautiful waterfalls in the area.

## Chapter 5: Nightfall Activities in Potsdam NY

- Visit the Adirondack Sky Center & Observatory for stargazing and educational programs.

- Explore the vibrant local art scene with gallery visits and cultural events.

- Enjoy dining at local restaurants, featuring special eclipse-themed menus.

## Chapter 6: Remembering the Day

### Document

##### - Photography Tips:

Research on how to use different camera settings on your device to capture the changing light during the eclipse.

##### - Journaling the Experience:

Document your thoughts and feelings during this rare event. Share your experience on our social media.

### Souvenir

Adirondack Fragrance Farm's Limited Eclipse Collection is perfect for remembering the day. The collection includes a candle, perfume, room spray, soap bar, and lotion. Every participant receives a limited edition pair of ADK Solar Eclipse viewing glasses.
